Review on the demand, collection and balance of Municipal taxes of the several Municipalities in Mandya District for the - quarter ended 30th June 1941

The demand, collection and balance statements of the several Municipalities in the District are recorded with the following - observations -

The returns from the several Municipalities were received in this office on the dates noted against each -

1 Frenchrocks	15-7-41	6 Seringapatam	24-7-41	No Municipality submitted the return in time There has been inordinate delay in this regard on the part of
2 Melkote	13-7-41	7 Maddur	6-8-41	
3 Nagamangala	15-7-41	8 Mandya	6-8-41	
4 Belakavadi	18-7-41	9 Krishnarajpet	23-8-41	
5 Lalavalli	20-7-41			

Seringapatam, Maddur, Mandya, and Krishnarajpet Municipalities The returns from Krishnarajpet and Maddur had to be obtained after issue of telegraphic reminders The Presidents of these Municipalities have not obviously realised the need for prompt submission of the returns They are warned ~~xfxkxa~~ that if the several returns due from them are not submitted on the prescribed date, severe notice will be taken of their conduct

ASSESSED TAXES - A sum of Rs 54094-2-2 was outstanding at the beginning of the quarter Including a demand of Rs 2789-3-0 for the quarter under review, the total amount for collection was ~~Rs 56883-7-8~~ ~~xxx~~ Rs 56883-5-2 A sum of Rs 15776-7-8 has been collected and remissions to the extent of Rs 852-5-6 have been sanctioned leaving a balance of Rs 40254-8-0 out of which a sum of Rs 17357-13-6 relates to the year 40-41 while the balance relates to the years as noted in the margin

Upto the year 38-39	9007-9-1
For the year 38-39	4386-8-6
For the year 39-40	9502-8-11
Total	22896-10-6
40-41	17357-13-6
Total	40254-8-0

The percentage of - collection to the recoverable demand work's out at 29 24 percent Apparently no systematic action has been - pursued by any of the Municipalities to reduce the heavy outstandings The Presidents should pay special attention to this The collections are very poor and the balances heavy in Seringapatam Krishnarajpet and Malavalli Municipalities Inclusion of Hosaholalu village panchayet within the Municipal limits of Krishnarajpet - accounts for the heavy arrears while in the case of Seringapatam the arrears are due to the non-recovery of taxes regularly on the score that the accounts had not been audited STEPS ARE however being - taken to recover the amounts very early

OTHER TAXES AND MISCELLANEOUS - Arrears to the extent of Rs 7416 were outstanding at the beginning of the year A sum of 28036-3-0 was brought on demand during the quarter making a total of Rs 35452-3-0 for collection, out of which a sum of Rs 31546-7-6 was collected - leaving a balance of 3905-11-6 A sum of Rs 3359-3-6 out of the balance represents the arrears for 1939-40 while the remaining - amount relates to the year 40-41 The total collections works out approximately at 91 23 percent of the total demand It has again to be observed that the arrears require to be reduced appreciably by the end of the ensuing quarter, otherwise, disciplinary action will be taken against the collection staff for their slackness

The arrears of Hosaholalu village panchayet had been taken as demand for Krishnarajpet Municipality for the year 40-41 As this was wrong, fresh accounts for all the four quarters are sent herewith for reference .The President, Municipal Council, Krishnarajpet has also been directed to adopt these figures in future A sum of twelve annas has been reduced in the demand of Melkote under - assessedtaxes in accordance with the audited balance sheet A sum of Rs 42-9-7 has been deducted from the demand in theaccounts of the Frenchrocks Municipality ~~xxxxxxxxx~~

30) The collection of assessed taxes is poor in all the Hobs except in Belakavadi, Frenchrocks & Nanjya. The D.C. has directed the Presidents of these Hobs to pay particular attention to the collection work & it is hoped that the collection would show material improvement during the current quarter, in view of the warning administered by the D.C. that disciplinary action would be taken against the collection staff for their slackness

Note

33) Two statements, one showing the Demand, Collection Balance of the revenue of the District Boards and another of the assessed taxes of the Town and Minor Municipalities at the end of 1940-41 are put up.

34) The District Boards have very little direct revenue to collect except the market fees and arrears of toll amounts. The District Boards will be asked to collect the arrears quickly.

35) In regard to the Demand, Collection and Balance of taxes in Municipalities, the percentages of collection are also calculated approximately

36 In Bangalore and Mysore cities, there are Revenue officers of the grade of Amildars. The collection is only 54 % and 69 % respectively for 1940-41. This cannot be considered satisfactory. Special measures have to be adopted to push on the collection and to collect at least 95 % of the demand.

37) Among Town and Minor Municipalities, the following Municipalities show a good percentage of collection. —

Koppa	.	100 %
Chikballapur	..	92 %
Sagar	..	90 %
Sakalespur	..	86 %

37) The following Municipalities have arrears of more than Rs.10,000

1	Chennapatna	. 15,560	(Has a Chief Officer)
2	Closepet	. 11,069	(No)
3	Nanjangud	.. 10,357	(Has a Chief Officer)
4	Hunsur	.. 11,955	(No)

PTO

Since actions have to be taken against the Revenue Staff by stopping C.A. & they do not show progress in the collections the commissioner should examine regular suspension hearing an eye on the collections

So also against the chief officers in the Town municipalities as there is no justification for slackness when the arrears is [illegible] 8000 either chief officers or Revenue Inspectors may be put appointed immediately

3) There is no reason why the collection should be unsatisfactory in the Municipalities which have Chief Officers, whose primary duty is to see to the collection of Municipal taxes.

4) The Municipalities of Mandya and Seringapatam which have Chief Officers have fared very badly, the percentage being 41 % and 21 % respectively. The Chief Officers have to be warned against such slackness.

5) The exact reasons for bad collections in several Municipalities are not known. It may be due in many cases, to the neglect of duty by the subordinates entrusted with the collection work, which is not effectively supervised and to the coercive processes authorised under the statute not being systematically pursued

6) In Government Orders L 9094-9104/M1,118-33-8 dated 29th May 1936 and 9083-93/M1 118-338 dated 29th May 1936, rules have been issued in regard to the deputation of duties and powers to the Vice Presidents of Minor and Town Municipalities and this duty may be deputed or delegated to the Vice Presidents. It is not known how many Presidents of Municipalities have done this. It would, at any rate, be worth while to entrust this work to the non-official

T

Reports ought to be set as to how many examples the delegation of powers to V Ps has taken effect as per order 29 5 36 If not why? Need is pleaded to be impressed upon

Serial No

non-official Vice Presidents who would be on the spot specially in Municipalities other than those at Head-quarters.

43) At the same time, the duties of the Ex-Officio Sub Division Officers and Amildars who are Presidents of the Municipalities have to be impressed on them. It is for consideration if the fact about the progress made in Municipal collection work every year may not also be mentioned in the confidential reports of these officers.

44) This subject was discussed at the Officers' meeting held on 29-9-1941. It need hardly be said that the satisfactory collection of Municipal taxes is the acid test of efficient Municipal administration. - Further, it is necessary for the Municipalities to collect their dues to the utmost extent, as they would otherwise have no money for carrying on works of public utility.

45) It is also a point for consideration whether it may not be laid down as a condition precedent that the Mcpls should collect their dues substantially, before they approach Government for a grant-in-aid for carrying out public improvements, as these Municipalities which help themselves and exhibit a spirit of self-reliance are to be really helped by Government. These points may perhaps be impressed on them once again.

The Demand, Collection and Balance statements of taxes in the municipalities, District Boards and the Kolar Gold Fields Sanitary Board for the year 1940-41

ORDER NO L4268-90/17C117-41-12

Dated, Bangalore the 21st November 1941

will follow Two statements - one showing the Demand Collection and Balance of the revenue of the District Boards and - another of the assessed taxes in the City, Town and Minor Municipalities at the end of 1940-41 are appended

2 It is seen that the District Boards have very little direct revenue to collect except market fees and arrears of toll amounts These arrears should be collected quickly

3 For Bangalore and Mysore Cities there are Revenue Officers of the grade of Amildars Yet the collection of assessed taxes is only 54 % and 69% respectively for the year 1940-41 This is not satisfactory Special measures have to be adopted to push on the collection and to collect at least 95 % of the demand The Revenue Staff should be warned to show sufficient progress in this direction, failing which disciplinary action should be taken to stop the conveyance allowance etc , The Municipal Commissioner Bangalore City Municipality and the President Mysore City Municipal Council are requested to check the work of this staff regularly and exercise effective supervision over the collection

4 The marginally noted town municipalities have arrears of more than Rs 10,000 and the first seven have Chief Officers

		Rs

6	Davanagere	17,864
7	Tumkur	14,655
8	Closepet	11,069
9	Hunsur	11,955

5 The Municipalities of Mandya and Seringapatam which also have Chief Officers have failed very badly, the collections being 41 per cent and 21 per cent of their respective demands during the year

6 The Chief Officers of these Municipalities should be warned against such slackness and in those municipalities where the arrears as on 1-7-1941 were more than Rs 8,000 and which have no Chief Officers, arrangements may be made immediately to appoint Special Revenue Inspectors, so that systematic action authorised by the statute may be taken and pursued to collect the arrears and current taxes

7 In Government Orders Nos L 9094-9104/M1 118 33-8 dated 29-5-1936 and L 9083-93/M1 118-338 dated 29-5-1936, rules have been issued in regard to the deputation of duties and powers to the Vice Presidents of Town and Minor Municipal Councils Government consider that, from the point of view of more efficient supervision of collection work, it is necessary to entrust this work to the non-official Vice Presidents who would be on the spot The Deputy Commissioners of Districts are accordingly requested to advise the Presidents to give effect to the above Government Orders and also to report in how many Municipalities action has been taken to depute the powers to the Vice-Presidents

8 The responsibility of the Ex-Officio Presidents for the collection of taxes in the Municipalities in their charge cannot be too strongly stressed Reference is invited to Circular No R&L 6633-42/L R 377-35-1 dated 18th June 1936 in the matter which should be strictly adhered to

9 The satisfactory collection of Municipal taxes and dues is the sine qua non of efficient Municipal administration and every Municipality should efficiently discharge its duty of collecting the taxes due to it Before a Municipality approaches the Government for grants-in-aid for carrying out works of public utility, it will be a condition precedent for making the grant, that it has collected the taxes satisfactorily and has shown a spirit of self-reliance, thus deserving of the grant it has asked for

The Demand Collection and Balance statements of taxes in the municipalities, District Boards and the Kolar Gold Fields Sanitary Board for the year 1940-41

ORDER NO 4268-90/MC117-41-12

Dated Bangalore the 21st November 1941

will follow

Two × statements - one showing the Demand Collection and Balance of the revenue of the District Boards and - another of the assessed taxes in the City, Town and Minor Municipalities at the end of 1940-41 are appended

2 It is seen that the District Boards have very little direct revenue to collect except market fees and arrears of toll amounts These arrears should be collected quickly

3 For Bangalore and Mysore Cities there are Revenue Officers of the grade of Amildars Yet the collection of assessed taxes is only 54 % and 69% respectively for the year 1940-41 This is not satisfactory Special measures have to be adopted to push on the collection and to collect at least 95 % of the demand The Revenue Staff should be warned to show sufficient progress in this direction, failing which disciplinary action should be taken to stop the conveyance allowance etc , The Municipal Commissioner Bangalore City Municipality and the President Mysore City Municipal Council are requested to check the work of this staff regularly and exercise effective supervision over the collection

1 The following nine municipal towns have arrears of more than Rs 10,000 and the first seven have Chief Officers

		Rs
1	Channapatna	15,560
2	Nanjangud	10 357
3	Hassan	15,714

6	Davanagere	17,864
7	Tumkur	14,655
8	Closepet	11,069
9	Hunsur	11 955

5 The Municipalities of Mandya and Seringapatam which also have Chief Officers have fared very badly, the collections being 41 per cent and 41 per cent of their respective demands during the year

6 The Chief Officers of these Municipalities should be warned against such slackness and in those municipalities where the arrears as on 1-7-1941 were more than Rs 8,000 and which have no Chief Officers, arrangements may be made immediately to appoint Special Revenue Inspectors, so that systematic action authorised by the Statute may be taken and pursued to collect the arrears and current taxes

7 In Government Orders Nos L 9094-9101/M1 - 8 35-3 dated 29-5-1936 and L 9083-93/M1 313-338 dated 29 5-1936, rules have been issued in regard to the deputation of duties and powers to the Vice Presidents of Town and Taluk Municipal Councils Government consider that, from the point of view of more efficient supervision of collection work it is necessary to entrust this work to the non-official Vice Presidents who would be on the spot The Deputy Commissioners of Districts are accordingly requested to advise the Presidents to give effect to the above Government Orders and also to report in how many Municipalities action has been taken to depute the powers to the Vice-Presidents

8 The responsibility of the ex Officio Presidents for the collection of taxes in the Municipalities under their charge cannot be too strongly stressed Reference is invited to Circular No R/ 6637-42/L R 377-35-1 dated 18th June 1936 in the matter which should be strictly adhered to

ORDER NO.

BANGALORE, DATED NOVEMBER '41

Two statements - one showing the Demand, Collection and Balance of the revenue of the District Boards and another of the assessed taxes in the City, Town and Minor Municipalities at the end of 1940-41 are appended.

It is seen that the Districts Boards have very little direct revenue to collect except market fees and arrears of toll amounts These arrears should be collected quickly.

For Bangalore and Mysore Cities there are Revenue Officers of the grade of Amildars. Yet the collection of assessed taxes is only 54 % and 69 % respectively for the year 1940-41 This is not satisfactory. Special measures have to be adopted to push on the collection and to collect at least 95 % of the demand. The Revenue staff should be warned to show sufficient progress in this direction, failing which - disciplinary action should be taken to stop the conveyance allowance etc., The Commissioner, Bangalore City Municipality and the President,

President, Mysore City Municipal Council are requested to check the work of this staff regularly and exercise effective supervision over the collection.

The marginally noted Town Municipalities have arrears of more than Rs.10,000 and the first seven have Chief Officers.

Instructions for the Speedy Collection of Arrears of Municipal Taxes and District Board Revenue

The Demand Collection and Balance Statements of taxes in the Municipalities District Boards and the Kolar Gold Fields Sanitary Board for the year 1940 41

ORDER No L 4268 90—ML 117 41 12, DATED BANGALORE, THE 21ST NOVEMBER 1941

Two statements—one showing the Demand, Collection and Balance of the revenue of the District Boards and another of the assessed taxes in the City, Town and Minor Municipalities, at the end of 1940 41—are appended

2 It is seen that the District Boards have very little direct revenue to collect except market fees and arrears of toll amounts These arrears should be collected quickly

3 For Bangalore and Mysore Cities there are Revenue Officers of the grade of Amildars Yet the collection of assessed taxes is only 54 per cent and 69 per cent respectively for the year 1940 41 This is not satisfactory Special measures have to be adopted to push on the collection and to collect at least 95 per cent of the demand The Revenue Staff should be warned to show sufficient progress in this direction, failing which disciplinary action should be taken to stop the convey ance allowance, etc The Municipal Commissioner, Bangalore City Municipality, and the President, Mysore City Municipal Council, are requested to check the work of this staff regularly and exercise effective supervision over the collection

4 The undermentioned Town Municipalities have arrears of more than Rs 10,000 and the first seven have Chief Officers —

6	Davangere	17 864
7	Tumkur	14 655
8	Closepet	11 069
9	Hunsur	11 955

5 The Municipalities of Mandva and Seringapatam, which also have Chief Officers, have fared very badly, the collections being 41 per cent and 21 per cent of their respective demands during the year

6 The Chief Officers of these Municipalities should be warned against such slackness and in those Municipalities where the arrears as on 1st July 1941, were more than Rs 8,000 and which have no Chief Officers, arrangements may be made immediately to appoint Special Revenue Inspectors so that systematic action authorised by the statute may be taken and pursued to collect the arrears and current taxes

7 In Government Orders Nos L 9094 9104—Ml 118 33 8, dated 29th May 1936 and L 9083 93—Ml 118 33 8, dated 29th May 1936, rules have been issued in regard to the deputation of duties and powers to the Vice Presidents of Town

and Minor Municipal Councils Government consider that, from the point of view of more efficient supervision of collection work, it is necessary to entrust this work to the non official Vice Presidents who would be on the spot The Deputy Commissioners of Districts are accordingly requested to advise the Presidents to give effect to the above Government Orders and also to report in how many Municipalities action has been taken to depute the powers to the Vice Presidents

8 The responsibility of the *Ex officio* Presidents for the collection of taxes in the Municipalities in their charge cannot be too strongly stressed Reference is invited to Circular No R 6633 42- L R 377 35 1, dated 18th June 1936, in the matter, which should be strictly adhered to

9 The satisfactory collection of Municipal taxes and dues is the *sine qua non* of efficient Municipal administration and every Municipality should efficiently discharge its duty of collecting the taxes due to it Before a Municipality approaches the Government for grants in aid for carrying out works of public utility, it will be a condition precedent for making the grant, that it has collected the taxes satisfactorily and has shown a spirit of self reliance, thus deserving of the grant it has asked for

ORDER No L 4268 90—ML 117 41 12, DATED BANGALORE, THE 21ST NOVEMBER 1941

Two statements—one showing the Demand, Collection and Balance of the revenue of the District Boards and another of the assessed taxes in the City, Town and Minor Municipalities, at the end of 1940 41—are appended

2 It is seen that the District Boards have very little direct revenue to collect except market fees and arrears of toll amounts These arrears should be collected quickly

3 For Bangalore and Mysore Cities there are Revenue Officers of the grade of Amildars Yet the collection of assessed taxes is only 54 per cent and 69 per cent respectively for the year 1940 41 This is not satisfactory Special measures have to be adopted to push on the collection and to collect at least 95 per cent of the demand The Revenue Staff should be warned to show sufficient progress in this direction, failing which disciplinary action should be taken to stop the convey ance allowance, etc The Municipal Commissioner, Bangalore City Municipality, and the President, Mysore City Municipal Council, are requested to check the work of this staff regularly and exercise effective supervision over the collection

4 The under mentioned Town Municipalities have arrears of more than Rs 10,000 and the first seven have Chief Officers —

		Rs
1	Channapatna	15 560
2	Nanjangud	10 357
3	Hassan	15 714
4	Shimoga	19 564
5	Chikmagalur	12 283
6	Davangere	17 864
7	Tumkur	14 655
8	Closepet	11 069
9	Hunsur	11 955

5 The Municipalities of Mandva and Seringapatam, which also have Chief Officers, have fared very badly, the collections being 41 per cent and 21 per cent of their respective demands during the year

6 The Chief Officers of these Municipalities should be warned against such slackness and in those Municipalities where the arrears as on 1st July 1941, were more than Rs 8,000 and which have no Chief Officers, arrangements may be made immediately to appoint Special Revenue Inspectors, so that systematic action authorised by the statute may be taken and pursued to collect the arrears and current taxes

7 In Government Orders Nos L 9094 9104—Ml 118 33 8 dated 29th May 1936 and L 9083 93—Ml 118 338, dated 29th May 1936, rules have been issued in regard to the deputation of duties and powers to the Vice Presidents of Town

and Minor Municipal Councils Government consider that, from the point of view of more efficient supervision of collection work, it is necessary to entrust this work to the non official Vice Presidents who would be on the spot The Deputy Commissioners of Districts are accordingly requested to advise the Presidents to give effect to the above Government Orders and also to report in how many Municipalities action has been taken to depute the powers to the Vice Presidents

8 The responsibility of the *Ex officio* Presidents for the collection of taxes in the Municipalities in their charge cannot be too strongly stressed Reference is invited to Circular No R 6633 42- L R 377-35 1, dated 18th June 1936, in the matter, which should be strictly adhered to

9 The satisfactory collection of Municipal taxes and dues is the *sine qua non* of efficient Municipal administration and every Municipality should efficiently discharge its duty of collecting the taxes due to it Before a Municipality approaches the Government for grants in aid for carrying out works of public utility, it will be a condition precedent for making the grant, that it has collected the taxes satisfactorily and has shown a spirit of self reliance, thus deserving of the grant it has asked for
